Profile

I am a dedicated 4th-year Computer Science student, I bring proficiency in React JS, JavaScript, HTML, CSS, and more to the table. With a strong programming foundation and a passion for innovative web app solutions, I excel in solving real-world problems. My collaborative nature and leadership abilities make me a valuable asset to any company, poised to drive success through creative development solutions

Education

2020 – 2024 mumbai, India	**Bachelor of Technology in Computer Science Engineering** *MCT's Rajiv Gandhi Institute of Technology*

Professional Experience

01/2023 – 08/2023 mumbai, India	**Junior Developer Intern** *Ferrypal pvt Ltd.* As an intern at FerryPal Pvt Ltd , I played a key role in three projects **Blackboard Project**: Developed a user-friendly website for store owners. Enhanced digital presence and accessibility for store owners. **Notebook Project**: Facilitated internal management with a dedicated website. Improved efficiency within the organization's operations. **Poster Project**: Designed online platforms for store owners to showcase their offerings. Empowered store owners to effectively market their businesses on digital platforms.

Projects

TrentBud ↗

-Trendbud is a robust full-stack ecommerce application.
-It boasts features like authentication, pagination, and filtering for a seamless shopping experience.
-Users can view products in 3D, switch between light and dark modes, and manage multiple shipping addresses.
-The app offers an order history feature and integrates a wallet for easy payments.
-Utilizing technologies such as React JS, Firebase, Bootstrap, Redux, Lodash, and CSS, Trendbud ensures security, responsiveness, and user satisfaction.

Courses

06/2022 – 08/2022	**React js Training** *Internshala*

Achievements

HacktoberFest 2022
I Have contributed to open-source projects on GitHub, successfully merging 4 pull requests. My contributions focused on enhancing website UI and introducing new features, adding value to these projects.

SOS Comunity :Contributed to the SOS community as a part of their TechTeam and Build their Website
CRID : Contributed in creating their website of the committee
